THIS WEEK TO SEE FATE OF TAX BILL

DESTINY OF MEASURE DEPENDS ON RATE SCHEDULE

COOLIDGE BACKS MELLON COMPROMISE IS URGED

Veto Would Probably Follow Adoption of House Proposals on Levies.—Senator Smoot in Determined Fight for Mellon Plan.

Washington.—The fate of full-fledged tax legislation at this time depends much on the action taken by the senate this week on the rate schedules—since President Coolidge has emphasized his dissatisfaction with the bill passed by the house.

A last determined fight will be made by Senator Smoot of Utah, chairman of the finance committee, for the Mellon plan. The odds are somewhat against him, and he has already decided on a plan of compromise. Upon what he is able to save out of the wreckage planned by Democrats and radicals and to what extent any gains made can be held in final conference over the measure between the house and senate, depend the approval or disapproval of the president.

Coolidge has stood firmly behind the plan of his secretary of the treasury. He advocated it in his first message to congress and twice since that time has repeated that this was the only practical plan of tax relief. In his most recent utterance he gave a severe reprimand to those who were blocking the Mellon plan, which was overwhelmingly killed by the house.

The president has not publicly committed himself to a veto of such a bill as passed the house, which, it is predicted, will be fairly closely followed by the senate. But some observers have taken his repeated opposition as an indication of a veto.

Those who predict a veto—in the event the senate rate schedules are similar to those in the house bill—say that the president again will urge a flat cut of 25 per cent in income taxes this year by separate resolution, as already has been ordered by the house.

BURTON NAMED FOR G. O. P. CONVENTION KEYNOTE SPEECH

Washington.—Selection of Representative Theodore E. Burton of Ohio as temporary chairman and keynote sounder of the Republican national convention caused a near sensation in political circles here. Burton, a former member of the senate, is known as one of the leading conservatives of the party. His home is in Cleveland and his address to the convention will combine a welcome and the keynote of the party's campaign. He was chosen by President Coolidge personally.

The conservative leaders hail the choice of Burton as an indication that the president intends to stand pat on those conservative doctrines to which he has always remained true, and will not surrender anything to the liberals.

POINCARE MAY BE OBDURATE TILL CASH LOAN IN ASSURED

Paris. — Premier Poincare will steadfastly opposes execution of the terms of the Dawes plan until France has been given absolute guarantees by Germany and the other allies that the loan will be a success. In some circles, however, the belief was expressed that France will be forced to yield by pressure of the united allies and international bankers.

France is expected to encounter considerable opposition from England over Poincare's stand that the governments, not the reparations commission, should make the final decision. England believes the commission has complete jurisdiction.

Duse's Body Sent Home

Pittsburgh.—Reposing in a casket, the seal of which will not be broken until it arives in Italy, the body of Eleanora Duse is en route back to her native land. The casket was sent from Pittsburgh after it had been sealed by Chevalier Lucci, Italian consul here. It was carried in a special car to New York. Members of her company and a representative of the Italian government accompanied the body of the noted tragedienne.

Child Labor Past House

Washington.—Overcoming a sustained and resourceful parliamentary opposition, supporters of the proposed child labor constitutional amendment put it through the house by a vote of 297 to 69. Scores of attempts to limit its scope by various exemptions and restrictions were rejected. The amendment empowers congress to limit, regulate or forbid the labor of persons under 18 years of age. It now goes to the senate.

PRESIDENT PONDERS JAPANESE PROBLEM

CONFEREES OFFER NO PROPOSAL FOR CHANGE IN MEASURE

BAN VETO SEEMS LIKELY NEW TREATY SUGGESTED

Coolidge is Anxious to Find Some Solution and May Arrange for a Pact With Japan, Confirming "Gentlemen's Agreement."

Washington.—The door virtually has been closed to congressional modification of the Japanese exclusion provision in the immigration bill and it is now up to President Coolidge and Secretary of State Hughes to find some other way to meet the embarrassing situation.

Senate and house conferences, now shaping the immigration bill, will not take the unusual way suggested—recommendation to the senate and house to alter the provision. Under the law, the conferences had no power to change the section relating to the Japanese, as it had been agreed upon by both houses, but this suggestion had been offered.

Senator Reed, one of the conferees and author of the senate bill, conferred with President Coolidge and is understood to have told the president that the conferees would not make any recommendation, because of the overwhelming sentiment expressed by the vote in the house and senate. None of the conferees has shown any disposition to act in the face of this sentiment.

As a result of the situation created it is regarded as likely that the president will veto the bill and then issue a statement explaining his action. Among other alternatives, it has been suggested that the president might arrange a treaty with Japan, confirming the "gentlemen's agreement," which would take precedence over an act of congress. This course is regarded as highly improbable, as the president would thus take sharp issue with congress. Besides, such a treaty would have to be ratified by the senate.

MORGAN HINTS AT U. S. LOAN IF EUROPE SETTLES DOWN

Paris.—J. P. Morgan let fall a strong hint that if the allies patch up their differences over reparations there will not be much trouble about an international loan. Prospects for American bankers putting up the 800,000,000 gold marks suggested by the Dawes committee of experts are excellent, if the political situation in Europe developes satisfactorily.

What happens at the forthcoming German elections May 3, will have some bearing on the matter, as will the stability of the other European governments and their relations with one another.

Clemency to "Lost Legion"

Leavenworth.—Clemency was extended by federal officials to many inmates of the federal penitentiary convicted of various crimes while serving in the army during the World war. Sentences were commuted for some and others were pardoned and paroled. Sentences for several negro soldiers involved in the Houston race riots were reduced one-half. Eight prisoners involved in the murder of another inmate and sentenced to death, but later reprieved by Harding, were among those to whom clemency was granted.

Segregation Law Invalid

El Paso.—A law setting aside districts for the Chinese in Sonora and other Mexican states has been declared unconstitutional by federal authorities, according to Governor Alejo Bay of Sonora, who passed through here en route home from Mexico City. The law conflicts with a treaty between Mexico and China, General Bay declared. Sonora now has a Chinese population of between 15,000 and 20,000.

Obregon Executes Foes

Mexico City.—Forty-three rebel officers, including Gen. Juan Alonso, captured recently by federal forces in the state of Chiapas, have been executed. The executions followed immediately upon a summary courtmartial. General Alonso's band of 300 was wiped out in the engagement, more than 100 dying in battle and the remainder being captured.

Quakes Rock Hawaii

Hilo, T. H.—Following earthquakes in the Puna district of the Island of Hawaii, on which Hilo is located, the land around the village of Kapoho is sinking. Measurements taken at the Kapoho railway station showed it had dropped eight feet since the quakes began. The inhabitants of the village fled.

FIRST ROSE FESTIVAL A MARKED SUCCESS

'Isn't it beautiful?" "O, how lovely!" "It's simply wonderful". These and many more comments of like import were heard on every side Friday as visitors came and went at the Rose Festival at the new library.

Both of the rooms and the charming tea garden in the rear were bowers of beauty and the wonderful displays at the various booths added marvelously to the colorful picture.

Beauty greeted the eye as one approached the building, for dainty white lattices interwoven with sprays of pink and cream roses bordered the walk and arranged on both sides of the entrance and banking the porch were bowls and baskets of exquisite blooms of all the seasons varieties. Mrs. Geo. Husted presided over these sales assisted by other successful florists among the club members.

In the library proper, the same trellis effect was used to form the booths and cover the alcove arch. Little maids in the most fetching of organdie dresses with French garden hats in matching colors with trays of dainty French nose gays threaded the crowds and left a trail of bouquets in their wake. Altho not present, Mrs. Warren Shelly was the inspiration of this department.

To the right as one entered, the eye was caught by a maze of bright color and here was an array of gift articles, ornamental candles, dainty enamel work, beautiful Batik pieces, wooden toys, and other gifts galore. Mrs. Jas. Turner with an able corps of helpers was responsible for this display.

Perky little tea aprons, fancy handkerchiefs and a wonderful collection of embroidered towels had been marshalled by Mrs. W. T. Morton and her able committee .

A unique booth was that of Mrs. I. P. Beal, who owing to illness in her family which prevented her sending an Easter display to Los Angeles, had a quantity of her hand weaving to show—scarfs, dress patterns, draperies and bags. Living models added a novel element to the exhibit. Her goods were sold on a commission basis, as were also part of the gift shop wares.

And then the sweet shop! Such an array of wonderful candy, coated nuts, stuffed prunes and other goodies is seldom found outside a city candy store, but Mrs. Toles with her committee succeeded in disposing of it all and turned in a good round sum to swell the total.

The food booth is always a popular spot and with the quantity of appetizing viands on sale thruout the day this table never lacked for customers and Mrs. Hedegard and her committee "went out of business" early in the evening.

Upon passing out through the French doors a new scene of beauty and delight met the eye. A tea garden had appeared as if by wave of a magic wand, but in reality the result of hours of patient labor on the part of Mrs. L. S. Miller and an able group of women and men.

At small tables placed under beach parasols, or beneath the overhanging greenery, guests were served with hot or cold dishes as desired. Bouquets of roses decked the tables and sprays of flowers were used in profusion. Two booths which proved a magnet for the youngsters had been prettily arranged beside the older buildings, a Rose pond, where the choice of a numbered rose brought a little gift to the chooser; and a soap bubble and balloon table proved a happy play ground for others. Mrs. Herold Morton and Mrs. R G. Archibald very successfully conducted these two features.

In the community room a wealth of magnificent roses had earned for it temporarily the name "Rose Room", and here a bevy of ladies from neighboring towns gathered to play mah jongg or cards. Mrs. Lenox and her assistant hostesses very satisfactorily conducted this part of the entertainment both afternoon and evening, and the tea garden committee served the refreshments.

In the afternoon a short program was given. A quartet including Mrs. R. H. Hyde, Mrs. W. Grattan. Mrs. D. H. Cramer and Mrs. W. C. Bohnett, sang "May Bell" and "Marchita." and Mrs. H. C. Smith read two selections from Ben King's "The Floweret's Ball" and "Jane Jones."

Miss Doris Ashdown, of San Francisco, a friend of Mrs. F. V. Perrot, was down for the occasion and very graciously sang on both occasions, her afternoon numbers were "Love's Garden of Roses" and "Down Here", and for an encore "The Early Morning," and "Whatever Is, Is Best." Miss Ashdown has a very pleasing voice and the club is indebted to her for her gracious assistance. Mrs. Perrott acted as her accompanist, while Mrs. G. S. Robson played for all the other numbers

The evening program was more extensive, opening with selections by the High School Orchestra under the direction of Prof. Josef Halamicek and later they gave several numbers while players were being seated and games inaugurated. A sextette of club members, Mesdames Shadle, Hyde, Grattan, Carboni, Cramer and Bohnett gave a very good interpretation of Wagner's "Life's Journey," and a quartet, D. H. Cramer, Mrs. Hyde, Mrs. Cramer and Dr. Merrill, sang those old favorites, "Drink To Me Only With Thine Eyes" and "All Thru the Night." Mrs. Shadle delighted the company with her rendering of Oscar Weil's "Spring Song" with violin obligato by Mrs. Perrott. One of the delightful numbers were reading by Miss Dow, "Between Two Loves", and " Personal Liberty" both elicting hearty applause.

From opening to close every thing moved along smoothly and delightfully and showers of compliments were bestowed by out of town guests, both upon the beautiful setting and the service accorded them.

Aiding and assisting each committee with advice, help and encouragement, the general chairman, Mrs. J. C. Ainsley and the president, Mrs. E. R. Kennedy were here, there and everywhere, and to them is due a generous share of the credit for the success of the affair.

The financial report Wednesday evening showed a net amount of $385.10, with possibly a few additional sales and small accounts to be reported.

The club is very grateful indeed for the hearty co-operation and assistance from the many friends of the library outside the club, both in contributions and patronage.

MRS JORGENSEN SUDDENLY PASSES

The passing to the other world of any one is always sad, but some deaths seem a little more tragic than others. After a long life of useful Christian service, it is only a step across to the other life, but when the angel of death takes one in the full tide of health and vigor it is a great shock to both family and friends.

Such was the death Saturday of Mrs. Mary Jorgenson at the San Jose hospital.

Mrs. Jorgenssen is survived by her husband, Jens P. Jorgensen, and an infant daughter, Alice Marie, but a few days old.

Funeral services were held Wednesday afternoon from the funeral parlors of Thomas Monahan and interment made at Oak Hill Cemetery.

Mr. and Mrs. Jorgensen have made their home in and near Campbell for several years, and the past two seasons Mrs. Jorgensen conducted the Hyde Cafeteria, whose patrons always found her extremely pleasant and agreeable.

The sincerest sympathy is extended the grief stricken husband in his great sorrow.

There have been many and diverse reports scattered abroad concerning building of our new school and the actions of the Board have been questioned at times by those who would detract from their splendid results.

The writer has had occasion to meet with this board many times and has seen it in session time and again late at night working over the various problems of construction and costs, always planning to get the most and best the district's money could buy.

They have proved themselves very shrewd business men and have held the contractors to the last letter and at a recent meeting received the highest praise from Supt. Jos. Hancock for their efficient and business-like manner of handling the business of the district.

There were present at the meeting, President J. A. Conner, Clerk S. N. Hedegard, C. E. DeSelle, Geo. L. Husted and E. J. Cuthbertson, secretary. Dr. W. I. Merrill and G. S. Schuyler were among the visitors at this session but will become members at Saturday's session.

Mr. and Mrs. R. J. Shannon have purchased the unoccupied bungalow erected by Ralston Alison on East Campbell Ave and are getting located in their new home. Mr. Shannon is employed at the Pacific Mills in Santa Clara but prefers to commute from here.

Mrs. E. C. Sanders, of Winton, was the guest of her son, Wayne, and family last week and enjoyed part of the time at the coast.

Remember that Sunday, May 11, is Mother's Day and next week send her a greeting card. A nice line at Smith's Stationery Store.

TOY URGES CO-OPERATION

As its contribution to Forest Protection Weeks, the California Highway commission announces approval of an agreement with the United States forest service for the mutual suppression of fires originating along state highways within the national forests where construction or maintenance activities are underway.

The purpose of the agreement is to obviate misunderstandings as to what action shall be taken in cases of fires, regardless of the responsibility for their origin, and to provide a plan for immediate and systematic action in emergencies. It was brought about by the mutual desire of the commission and the forest service for a plan of action, so that valuable time will not be lost after a blaze has been discovered.

The commission has agreed, it announced, to furnish its employees and agents with written instructions concerning the state fire protection laws and impress them with the necessity for their strict enforcement. Appropriate clauses are to be included in contracts that will bring about the cooperation of the commission's contractors in the suppression of fire.

Warnings will be posted where men are at work, and in the larger camps an individual will be designated as fire chief with authority to inforce the fire rules agreed upon.

Where employes of the highway commission or its contractors are responsible, the commission has agreed to notify the nearest forest officer and to take action immediately for the suppression of the fire, using all men available. Expenses incurred in fighting such fires will not be charged against the forest service.

ABOUT KNOCKERS

Shawnee, Oklahoma, has a secretary of a Chamber of Commerce, who is writing and delivering knock-out blows for civic betterment in every way. He is E. R. Waite, and here's what he's got to say about people who knock their home town:

Do you know:—

THAT a man who knocks his home city is a pest. A pest that either should become a booster or be boosted out.

THAT some of them become knockers to attract attention—others on account of their ignorance.

THAT in contrast to these pests, you will find in every city many aggressive, courteous city-building citizens who find no sacrifice too great to help their neighbors and to help their city.

THAT these citizens are great community assets, ever alert to promote those things of constructive nature that make towards greater growth, development and prosperity.

THAT there is no discounting the value of the constructive boosting spirit of these citizens.

THAT it is the indomitable spirit of unceasing optimism and enthusiasm that keeps a city in step with progress.

THAT team work in boosting receives recognition. No city can be without it and attain real distinction.

GYPSY ROVER" HIGH SCHOOL OPERETTA

"The Gypsy Rover" is centered about Rob, who is really Sir Gilbert Howe. His nurse, Meg, while he was yet an infant, stole him and hid his identity. She and her husband, Marto, raised him as their son, and he was very contented in his gypsy life.

One day Lady Constance Martendale and her finance, Lord Craven, were lost while riding in the woods. They finally came upon the gypsy camp. Rob and Constance fell in love at sight and wandered off, leaving the dandy, Craven, to the mercies of Sinfo and Marto. These men found a great deal of amusement in bullying Craven. They compelled him to tell Sir George, who came in search of his daughter, what a fine fellow Rob was.

He escaped and became a very successful composer. Meg revealed his identity and he also received his title and property. He went back t oConstance and they were married and lived happily ever after.

There are also very interesting love scenes between Nina and Captain Jerome, Zara and Sinfo and comedy scenes between Sinfo and Marto.

You will find all this delightfully sung and acted out by the pupils of the Campbell Union High School, Friday night, May 16, in the Grammar school auditorium. Admission 35 cents.

The cast is as follows:

Meg	Margaret Moore
Zara	Florence Williams
Marto	Richard Shelley
Sinfo	Antone Barroccorso
Rob	Franklin Blaine
Lady Constance	Marie McCoy
Lord Craven	Samuel Reed
Sir George Martindale	Kenneth Peake
Nina	Ruth Mattson
Capt. Jerome	George Blaine
Sir Toby Lyon	Windsor Cutting
Sir Frances McCorkle	Wiliam Robinson
A lackey	John Duncan

Tuesday is Primary Election Day and every citizen is expected to do his duty. He can only vote the ticket under which party he has registered his affiliation.

The regular monthly meeting of the Home and School club will be held as usual on Tuesday, May 6. Special attention is called to this notice, as it being election day there may be some question as to meeting day.

The work of straightening the southern part of Central Avenue, which was started some weeks ago is being pushed to completion this week. The P. G. & E Co. has had a crew here setting new poles in conformity with the change in the sidewalk and work is progressing on the laying of walks; so that the street will soon present a much more attractive appearance.

The Senior Class of the C. U. H. S. enjoyed the annual "Sneak Day" yesterday under the chaperonage of their class advisor, Miss Claribel Boesch. Making an early start, the bunch ate breakfast around a camp fire at the Big Trees and spent part of the forenoon there. Going on to Santa Cruz they indulged in the diversions afforded by that resort until afternoon, when they again wended their way to the Big Trees for a bonfire and weiner roast.

Special: Lindsay Olives

LAST SEASON was a rather hard one on the olive packers. Either the pack was unusually large, or the consuming demand unusually small; and the sequel is just now taking the form of some pretty low prices.

Here's LINDSAY BRAND of RIPE OLIVES, pint cans, medium sized fruit, rich black color, firm and meaty, with a flavor that takes hold and makes you immediately want another, probably packed to retail for 25e, and now offered as a SPECIAL at 15c. They are certainly a bargain in good food.

FRANCO--AMERICAN CANNED SPAGHETTI is another item that seems to us big value for the money. Large cans, a la Milanaise (tomato sauce with cheese), a canned spaghetti that you cannot fail to like, and so low as 2 for 25c.

Young mother who was in the store a while ago, said she was feeding her baby strained spinach. Why, bless you, there are some grown up folks who haven't commenced to eat spinach yet. The rising generation is beating us miles. Spinach has iron in it, makes rosy cheeks and red lips—health painting the face from the inside. And JHN CANNED SPINACH comes in two sizes and is only 15c and 20c.

Don't forget what we talked about last week: Bean 'Ole Beans, 20c; Sunkist Berries, 35c; Sunkist Beets, 25c; Sunkist Green Gage Plums, 25c. All mighty good.

AMERICANIZATION CLASS ENTERTAINED

Thursday evening, April 24, was the time set for the second Father's Night of this school year, at which time the P. T. A. thought it fitting to entertain our local Americanization class. By greeting these foreign-born, extending a hand of fellowship, and breaking bread with them, we would show that we wished to be friendly and helpful.

It was surely an inspiring sight to see diminutive Mrs. Keesling, our Americanization teacher as leader, lead in a group of at least forty members to enjoy a social evening with the P. T. A. workers. This group were most courteous, attentive and appreciative of all that was prepared for them.

The first part of the evening was devoted to the following program:

Welcome to the Americanization Class.....Mr. Cuthbertson

Address .....County Supt. of Schools,, Joseph E. Hancock.

The balance of the evening was given over to games. Mr. Cass, the County Physical Director of Games, gave us his expert knowledge in conducting an evening of adult games. All entered in with a gusto. It was most refreshing to shake off dull care and enter with our neighbors in games of turtle-race, Virginia reel, etc. The evening was pronounced by all to be a great success, as all the undertakings of our healthy, active P. T. A. are.

CAMPBELL NINE DEFEATS SAINTS

On Thursday, April 24, the Santa Clara Unlimited crossed bats with the Campbell unlimited. Campbell come out victors by a score of 5-3. The game was played at Campbell and is their fourth league game. The game was hot and the boys sure fought it up.

In the second inning Santa Clara made the first run, a single over third, bringing in a man on second, did the trick. Campbell came back at them in the next inning by making three consecutive runs. Ray Steindorf made a two bagger, Art Sanquist a single, putting Ray on third, Gayno Eddlemon walked, then Enos Angelo stepped to the plate and pasted a three bagger out to left field. Ray, Art, and Gayno all scored. So did Enos, later.

In the fourth inning Santa Clara got two more men across the plate after three singles.

At the end of the game the score was 3-5 with the red and white ahead.

Art Sundquist pitched all through the game for Campbell. He sure can make them strike at the air. He was invincible.

E. Clark took Captain Shelley's place on first. The Captain was unable to play because of a sore hand. Clark held them pretty on first and is deserving of credit.

Jit Nishida showed up on third and a faster third baseman would be hard to find. He has a keen peg.

Campbell line-up was as follows:

Sundquist, pitcher.
S. Reed, B. Reed, catcher.
E. Clark, first base.
A. Bonacorso, second base.
R. Steindorf, short stop.
J. Nishida, third base.
G. Eddlemon, left field.
W. Murphy, center field.
E. Angelo, right field.

It is not often that a small club, of the size and pretentions of the Punditas numbers in its membership such talent, and they are indeed proud that they are so honored.

C. E. DeSelle came from Santa Cruz Wednesday evening to attend the final meeting of the grammar school board before the reorganization with the newly elected members. Charles, thru all the long tedious sessions during the building campaign, has been the clerk and one of the most efficient and faithful members. He will be greatly missed at the deliberations of that august body in the future.

SOME BONNET!

'Tis a real old-fashioned sewing circle that is practicing "The Minister's Wife's New Bonnet." The song says, "A bonnet's a bonnet, no matter what's on it," and the Congregational Guild ladies invite the public to come to see this one. They have hired Mr. Always Knoxit to "toll the bell" and Hugh Howler will try to "blow the whistle." Reserve the date, May 23 and watch for further announcements.

CAMP FIRE GUARDIANS MEET IN SAN JOSE

The Camp Fire guardians of San Jose and Santa Clara County met at the Y. W. C. A., Saturday, April 26.

Much business of importance was transacted and eight new guardians were welcomed into the association.

Plans for summer camp were discussed and much enthusiasm was shown and from the reports more than half of the Camp Fire Girls of the County will be registered for summer camp. More about this will be said later.

Mother and Daughter week plans are occupying the center of attraction at present. Each separate group will have its own celebration and each Camp Fire Girl is requested to do something each day for her mother that is not on her daily schedule and that will bring a smile of delight to her mother's face.

Mother and Daughter week is to begin with Mother's Sunday, May 11, and as a climax there will be the Grand Council in the beautiful garden of Mrs. S. F. Leib on the Alameda Saturday, May 17. Every Camp Fire Girl is to invite her mother to be present for the afternoon program.

This picturesque garden is an ideal setting for an out of door affair of this sort. A more ideal and woodsy atmosphere would be hard to find. This year will mark the third annual Grand Council held in this garden. A full program of the days activities will be published later.

It is expected that about forty Camp Fire Girls will be in attendance from Campbell and vicinity. All of the Cherokee group expect to take the rank of Woodgatherers at this time.

GRAMMAR SCHOOL NOTES

Campbell school took fourth place at the Los Gatos Center of the final Music Memory Contest held April 12, having an average per cent of 87.52.

Mr. Hancock visited the school Monday, April 28, and taught certain subjects to the grades which he visited.

Pupils of Miss Lear and Miss McCracken will give a program in the auditorium, Friday, May 2.

An exhibit will be held May 9 in all the rooms displaying all kinds of handwork done by the boys and girls of the room

There will be a field day at the Campbell Gramar School May 9, when other schools will compete with ours in relays and other activities. Contests in such subjects as arithmetic will also take place between the different schools.

Mrs. Dorothea Smith Glass arrived Thursday for a visit with her mother, Mrs. Ellen R. Smith. Mr. Glass is at present at Los Angeles.

Mr. and Mrs. Ray Vincent visited the W. H. Rhinney family over the weekend. They are entertaining in the smaller towns and ewnt from Santa Clara to Tracy.

Fred Jacobs of the California Canneries Co. was here from San Francisco on company business Monday. He was accompanied by Mr. W. A. Bundy, who will have charge of the local packing house the coming season.

R. A. Judson recently returned from the north where he attended the funeral of his father, L. L. Judson. Interment was at Junction City, Ore., in the family lot. Mr. Judson will be remembered as a former resident of Campbell several years ago going to Alaska from here.

The county paving crew has been busy the past week putting on the finishing touches of paving on the highway along the high school property. Some months ago Supervisor John Roll agreed to pave to the curb along the west side of the two school properties and he is now completing the job. Along the grammar school property the paving was completed several weeks ago. Dad Sturtevant is supervising the work and it being his first job of this kind he has every reason to feel proud of the success he has made of it. It adds greatly to the appearance of the avenue and bordering properties as well as giving motorists ten feet more road bed on which to drive.

STANDARD OIL COMPANY
[CALIFORNIA]

These dealers sell gasoline that's always good!

The dealers listed here protect their customers by selling Red Crown gasoline, which because of the exacting production standards maintained by this Company, is uniformly reliable always and everywhere.

Protect your car by patronizing the dealers who protect you. You'll never have to drive very far to find a red, white and blue Red Crown sign, and your car will run better and farther if you let nothing go into your fuel tank except clean, reliable "Red Crown." Quick on the start, prompt on the pick-up, economical on the long run—"Red Crown" has all the qualities you demand of a motor fuel, and has them uniformly.

Incidentally, it's worth reflecting that the garage man, service station, or other dealer who refuses to let his customers take chances with inferior or unknown motor fuels, is likely to be equally responsible and reliable if your car needs inspection or repairs.

Look for the Red Crown disc and the red, white and blue pump—the two signs that identify a reliable dealer.
